

Corrosion protection with zinc flake systems in the spraying process

17 - 18 May 2022

Location

J. Wagner GmbH
Otto-Lilienthal-Str. 18, 88677 Markdorf
www.wagner-group.com

Registration

The number of participants is limited to 32 persons. For the realization of the event a minimum number of participants is required.

Register now at:

info.wagner-group.com/en/doerken-event

For questions please contact:

Jaqueline Jochum

T +49 (0) 7544 - 505 1812

jaqueline.jochum@wagner-group.com

Registration deadline is 2nd May 2022

Costs

The participation fee is 250€ per person (excl. hotel and travel expenses).

Accommodation

The reservation of a room has to be done by yourself. We have booked a contingent in these hotels (keyword „event on zinc flake coating“):

Hotel Traube am See (Friedrichshafen)

190€ / night incl. breakfast

Ringhotel Krone (Schnetzhausen)

99€ / night incl. breakfast

Hotel Knoblauch (Friedrichshafen)

110€ / night incl. breakfast

Process-reliable coating applications and innovative coating systems, as well as the latest coating technologies and test methods, are the prerequisites for successful coating with zinc flake systems.

At the event, you will benefit from the combined know-how of the cooperation partners WAGNER, DÖRKEN, coatmaster, SIDASA, VULKAN INOX and FANUC.

Be curious about the latest developments, current knowledge and trends, as well as practical experience and solutions for your coating topics.

We are looking forward to welcoming you and your colleagues!

PROGRAM

TUESDAY, 17TH MAY

- 10:00 Check-in at WAGNER
- 10:30 Welcome & introduction
- 11:00 Safety briefing
- 11:20 Lunch break
- 12:30 Start of practical presentations*
- 14:45 Coffee break
- 15:00 Practical presentations*
- 16:30 End of day 1
- 18:00 Bus transfer to the evening event
Car & Tractor Museum (Uhlidingen-Mühlhofen)
with dinner

TOPICS OF PRACTICAL PRESENTATIONS

Topic 1: Corrosion protection with in-process coating thickness measurement

Room Academy 1
Andor Bariska | coatmaster

Topic 2: Manual coating - The easiest way of application

Technology Center Liquid
Stefan Baum | WAGNER

Topic 3: Full and partial automation of coating lines

Room Academy 2
Lionel Larue | Sidasa

Topic 4: Surface preparation by shot blasting

Room Academy 3
Christian Hoffmann | VULKAN INOX

Topic 5: Edge sharp application of rotationally symmetrical parts

Technology Center Liquid
Alexander Vonbach, Michael Hense,
Matthias Mandal | WAGNER

Topic 6: Zinc flake systems as solution for various applications

Room Kopenhagen
Markus Nowak | DÖRKEN Coatings

Topic 7: Efficient rack coating with robots

Technology Center Liquid
Christian Eising | WAGNER

Topic 8: Industrial robots of today - Intuitive and easy to program

Technology Center Contractor
Marc Wischnewski | FANUC

WEDNESDAY, 18TH MAY

- 09:00 Summary of the previous day
- 09:15 Practical presentations*
- 11:30 Summary & feedback
- 12:00 Optional lunch break

You will receive detailed information again in good time before the start of the event.

*For organizational reasons, participants will be divided into groups. The participation in the individual practical presentations will be by rotation. We reserve the right to make minor changes to the program.

With the registration, the organizer is granted permission to take photographs and film recordings during the event and to use these recordings in connection with the event for public relations and documentation, analog and digital.
