

AirCoat Spraygun

AC 4600 Professional

User friendly and perfect results

Quality-
Offensive!

- **Brilliant surfaces**
The soft spray jet guarantees brilliant surfaces - this ensures perfect painting results.
- **User-friendly design**
Low weight, perfect ergonomics and light trigger action ensure optimum operator comfort.
- **Perfect extras**
The gun is ideally equipped for daily use:
 - free-moving paint and air swivelconnections
 - filter changed without tools
 - choice of aircaps to suit all materials

Versatile in use - for top quality finishing work in the workshop.

AC 4600 Professional

For **optimum adjustment** to water or solvent based materials, you can choose between three air caps:

blue: for water-based materials

red: for solvent-based materials

green: for water-based and solvent-based materials. Its low air consumption saves energy and costs and takes the pressure off the environment.

The filter housing can be opened for cleaning or replacing a filter **without tools**.

For **quick cleaning** when the nozzle is blocked: simply insert the nozzle the other way round and flush.

High productivity thanks to the stepless adjustment of air and jet width.

These free-moving swivel-connectors ensure **operator comfort**.

AirCoat gun AC 4600 Professional

AC 4600 the including ACF 3000 nozzle

blue air cap	0394 150
red air cap	0394 151
green air cap	0394 152
